### SCHOOL HISTORY

In 1901 the town of Cass had its beginning with the erection of a sawmill and pulpmill by the West Virginia Pulp and Paper Company. Prior to that time there were but one or two homes in the local community with no school closer than Cold Run School which served the people of that section. Along with the erection of the mill, a number of houses for the employees and a building for the school were constructed. The school building was located on Main Street and is now used as a dwelling.

The first school opened in the Fall of 1901 with Miss Emma Burner as teacher, and an enrollment of about sixteen pupils. As the town grew in size, new accommodations had to be found for the increasing number of boys and girls in school attendance. A three-room building was constructed on Spruce Street in 1908, although but two rooms were used that year. The first principal was B. B. Williams of Marlinton, with C. F. Hull of Durbin, as the primary teacher.

In 1910 the Range Lumber Company started a business at Deer Creek and three years later an Extract Plant was built between Deer Creek and Cass. These two operations gave employment to many men, thereby, increasing the town s population and the school's enrollment to the point where it was necessary to expand the school facilities.

In 1915 the South wing of the present building, composed of eight rooms, was erected on Main Street about one block from the original school. The first principal in this building was Graham LaRue of Hillsboro. During this time the town of Cass was booming, and the school

quickly outgrew its quarters. In 1916 the North wing of the building was added. In the 1920 s the school became a Junior High further increasing the enrollment, and making it necessary to seek additional classrooms elsewhere in town. The school continued as a Junior High until 1932 when better roads and school busses made it more advisable to transport all high school students to Green Bank. The last addition to the present building was a gymnasium erected in 1949.

From 1908 to the present time, ten men and one woman have served as principals of this school. This list includes: B. B. Williams (1908-12); J. C. Bond (1912-13). John Sydenstricker (1913-15); Graham LaRue (1915-17). John Ralston (1917-19); Edith Pitt (1919-21). Denver Brown (1921-23); K. J. Hamrich (1923-24); T. A. Reed (1924-28); Mack H. Brooks (1928-37); J. K.; Arbogast (1937---)

In 1911 the school had its first graduation with the following persons as members of the Class: Miss Lena Anderson Mrs Maude Jackson Arbogast Mrs Esty Sharp Carter Mrs Bess Oliver Ervin, Mrs Alice Blackhurst Fall Albert Harriff and Allen Blackhurst The Class of 1954 is shown on one of the following pages

During the fifty-three years of its existance hundreds of boys and girls have passed through the halls of this school to the various walks of life

The gymnasium is the center of great activity for all the boys and girls in our school During intermissions one may see basketball, dodgeball and many other games going on and occasionally a noisy group working off suplusenergy with some lusty yells

Our basketball teams have taken loss with victory during the four years that we have had our gymnasium. They have won 22 games, lost 24 and tied 1

In the Fall football is the chief attraction for the boys, while marbles and softball seem to hold sway in the Spring For most of the girls it s the swings and see saws in the Fall and hop-scatch and rope skipping in the Spring Our playground is very limited in size

### LIBRARY

Our school library is one of the workshops of our school. It is centrally located for Grades 4 to 8 while Grades 1 to 3 have their libraries in their home rooms. We do not have a regular librarian on the Faculty but use student librarians from Grades 7 and 8 under the supervision of the principal and teachers.

Our Parent Teacher Association makes an annual contribution to buy books. This gift along with what has been furnished by the Board of Education has enabled our library to grow in size to more than three thousand volumes
